

Technical Support Service

WE DELIVER SOLUTIONS FOR YOUR PROBLEMS

WHO WE ARE?

Technical Support started 5 years ago and since then we helped companies to improve their process and bringing in more quality product towards your process.

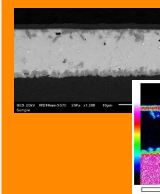

WHAT WE DO?

We are specialized in solve problems about soldering issue on wave and SMT process by setting machine.

Analysis
Solder
Compositions

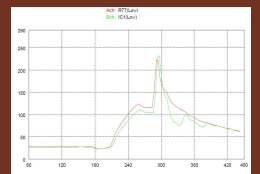

Spectromaxx

Support for
Reliability
(Cross section
etc.)

Measure
Temperature
Profile
(Wave and Reflow)

Training our product,
wave soldering and
manual soldering

QUALITY CONTROL

Analysis Solder Compositions:

» Cu, Pb, Ag, Sb, Bi, Zn, Fe, Al, As, Cd, Ni and Ge

Machine: SPECTROMAXx

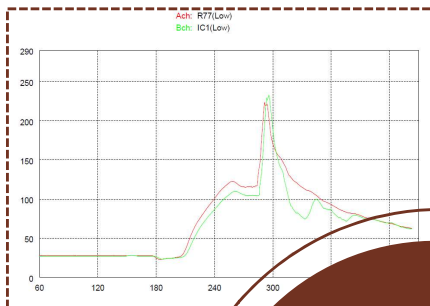

For New Models or Confirm Quality Assurance

SUPPORT FOR RELIABILITY

- » Cross Section
- » Tensile Test
- » Thermal Shock
- » Wetting Test
- » Others
